

## Before Starting the Project Application

**To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.**

Things to Remember:

- Additional training resources can be found on the HUD Exchange at <https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/>

- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2019 Continuum of Care (CoC) Program Competition. For more information see FY 2019 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2019 CoC Program NOFA and the FY 2019 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.

## **2B. Experience of Applicant, Subrecipient(s), and Other Partners**

### **1. Describe the experience of the applicant and potential subrecipients (if any), in effectively utilizing federal funds and performing the activities proposed in the application, given funding and time limitations.**

The Virginia Sexual and Domestic Violence Action Alliance (the Action Alliance) is Virginia's leading voice on sexual and intimate partner violence and serves as the primary training and technical assistance resource for more than 60 sexual and domestic violence agencies, their advocates, and other allied service providers across the state. While this project is new, the Action Alliance has years of success utilizing federal funds to provide training and technical assistance with funding and time limitations. Additionally, the Action Alliance provides high-risk safety planning to allied partners and ongoing technical assistance to ensure that domestic violence survivors receive emergency services wherever they interact with a service provider.

### **2. Describe the experience of the applicant and potential subrecipients (if any) in leveraging other Federal, State, local, and private sector funds.**

The Action Alliance receives federal funding from the Office of Violence Against Women (U.S. Department of Justice), the Family Violence Prevention and Services Program (U.S. Department of Health and Human Services), the Office of Victims of Crime (U.S. Department of Justice), and Improving Criminal Justice Response to Domestic Violence (U.S. Department of Justice). Additionally, the Action Alliance receives VOCA, FVPSA, SASP, and other funds passed through state agencies. The Action Alliance is the only statewide sexual and domestic violence coalition in Virginia and is regularly asked to provide expertise in training and technical assistance to guide service provision to a wide variety of interdisciplinary providers, including homeless service providers.

The Action Alliance has years of experience meeting grant deliverables within funding and time limitations. The agency recently underwent a desk review with the Office of Violence Against Women, one of our larger funders, and was found to have successfully completed our grant deliverables and on track to meet them again this year.

### **3. Describe the basic organization and management structure of the applicant and subrecipients (if any). Include evidence of internal and external coordination and an adequate financial accounting system.**

The Action Alliance is a 501(c)3 nonprofit with a full-time staff and a volunteer board, consisting of survivors of sexual and domestic violence, community members, and professional staff of sexual and domestic violence programs across Virginia. The agency is led by an Executive Director who is managed by

the board. The leadership structure consists of an executive team that meets regularly to guide to the vision of the agency and includes the Executive Director, the Assistant to the Executive Director, and two Associate Directors. There are multiple specialty teams within the agency that the Associate Directors are responsible for and team directors within each of these teams to provide more specific guidance to projects and grants. Within the finance team, the agency has a Grants Manager with more than 20 years of agency experience and an Operations Coordinator with also more than 20 years of agency experience who is responsible for internal controls. The agency uses Quickbooks accounting software and hires an external accounting firm to review entries quarterly and assist with any complex questions regarding financial management. The agency also contracts with a separate accounting firm to perform an annual audit.

**4a. Are there any unresolved monitoring or audit findings for any HUD grants(including ESG) operated by the applicant or potential subrecipients (if any)?** No

## 3B. Project Description

### 1. Provide a description that addresses the entire scope of the proposed project.

One of concerns that sexual and domestic violence programs have raised in Virginia is the need for trauma-informed point of entry for services for homeless individuals who are also survivors of domestic violence, dating violence, sexual assault, and stalking. These high-barrier clients are often facing challenges as they seek homeless services, including accessing mental health services, pregnancy complications, substance abuse, and other intersecting risk factors that increase barriers to accessing stable housing. The goal of coordinated entry work with local planning groups is to ultimately increase housing stability among these high-barrier clients while providing trauma-informed services at every interaction – from the time a survivor calls a case manager or walks in the door of a shelter to get help to every interaction with family members.

For more than 40 years, the Action Alliance has provided training and technical assistance to professionals to ensure survivors are at the center of advocacy. The Action Alliance does this by recognizing that power and control exists even in helping spaces and works to eliminate that dynamic to ensure survivors are safe to seek help for the needs they have and reduce the chance they will return to an unsafe situation of abuse.

The Action Alliance will provide planning groups in the CoC with training and technical assistance to promote coordinated entry for individuals experiencing homelessness who are also survivors of domestic violence, dating violence, sexual assault, and stalking. The Action Alliance will work with planning groups to ensure that appropriate systems are in place to screen all individuals seeking homeless services for violence, create an emergency safety plan if necessary, and make appropriate referrals to community services to work cooperatively to address housing and domestic violence service needs.

The Action Alliance will hire a full-time project coordinator with housing expertise who will provide quarterly training with planning groups. The project coordinator will work with current Action Alliance staff to develop the training for high-risk safety planning for coordinated entry specifically targeting survivors of domestic violence, dating violence, sexual assault, and stalking. Each training will target a different region of the state to incorporate as many homeless service providers as possible. Action Alliance staff will advertise the trainings and provide logistical support for registration. Action Alliance staff will also recruit and negotiate contracts for sites and trainers.

The project coordinator will provide ongoing technical assistance to planning groups, both virtually and through on-site visits, with the goal of further developing coordinated entry for survivors specifically regarding participant choice, safety, planning, and confidentiality protocols. The project coordinator will also participate in discussions with DHCD to ensure ongoing collaboration.

**2. For each primary project location or structure in the project, enter the number of days from the execution of the grant agreement that each of the following milestones will occur as related to CoC Program funds requested in this project application. If a milestone is not applicable, leave the associated fields blank. If the project has only one location or structure, or no structures, complete only column A. If multiple structures, complete one column for each structure.**

Note: To expend funds within statutorily required deadlines, project applicants must be able to begin assistance within 12 months of conditional award. The one exception is for applicants who are conditionally awarded sponsor-based and project-based rental assistance. These conditional award recipients will have 24 months to execute a grant agreement; however, HUD encourages all recipients conditionally awarded funds to begin assistance within 12 months. The estimated schedule should reflect these statutorily required deadlines.
