

VIRGINIA:

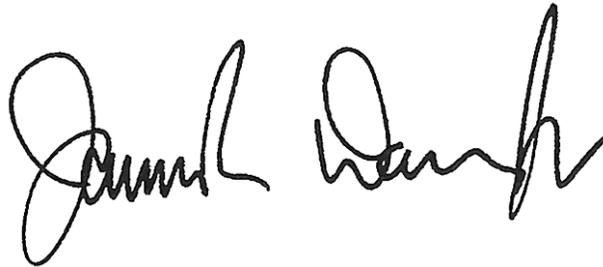

BEFORE THE  
STATE BUILDING CODE TECHNICAL REVIEW BOARD

IN RE: Appeal of Patrick and Jean Sartori  
Appeal No. 20-04

Decision on Petition for Reconsideration

At its meeting on April 16, 2021, the Review Board members considered a Petition for Reconsideration concerning the above referenced matter submitted by Patrick and Jean Sartori alleging that the owner of a property is not a responsible party.

After consideration, the Review Board members, through proper motion to uphold the original decision of the Review Board as outlined in the approved final order, hereby deny the petition. The Board found that the petition for reconsideration did not merit a new hearing or changing its decision, because the new information submitted did not support a determination that it was an error to consider Sartori as a responsible party.
